EXAMINER'S AMENDMENT

- 1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- 2. The application has been amended as follows:

Claims 7 and 10-15 have been canceled as directed to a non-elected invention.

End of Amendment.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: None of the prior art references, singly or combined, teach or suggest hollow powder having the specific shell structure as claimed, i.e. the shell is formed of titanium oxide with laminated titanium oxide particles, and having particular shell ratio of outer diameter to thickness as claimed. With regard to process claims, none of the prior art references teach or suggest coating of titanium oxide on an exfoliated titania sol to obtain the hollow powder having the specific structure (i.e. shell with laminated titanium oxide particles stuck together). The JP' 358 patent (JP 6-285,358), the JP '491 patent (JP 6-142,491), the EP'045 patent (EP 0918045) disclose titanium oxide shell but fail to teach the laminated titanium oxide particles on the shell. None of these patents patent involve exfoliated titanium dioxide sol/particles in the

manufacturing process; therefore, laminated titanium oxide particles cannot be formed on the shell as required in the instant claims.

- 4. Claims allowed are 1, 2, 4-6, 8, 9, 18-21, 23 and 25. Non-elected claims 5, 6 and 8 have been rejoined, examined and allowed as they are dependent on an allowed product.
- 5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to H. T. Le whose telephone number is 571-272-1511. The examiner can normally be reached on 10:00 a.m. to 6:30 p.m., Mondays to Fridays.
